

IPhEB Russia 2025 – the leading event for the pharmaceutical and allied industries in Russia (International Exhibition for Pharmaceuticals, Engineering and Biotechnology) – will take place from 8–10 April 2025 in St. Petersburg, Russia.

IPhEB Russia 2025 is an important industry event that each year gathers hundreds of pharmacy experts from Russia and other countries, bringing together in one place companies from all stages of the production chain. Forty percent of our attendees make their procurement decisions right at the exhibition.

IPhEB Russia 2025 exposition includes:

BioPharma Exhibition: Pharmaceutical Industry

Exhibition for active pharmaceutical ingredients (APIs), finished pharmaceutical products (FPPs), goods, equipment and services for the pharmaceutical market.

Exhibitor Profile:

- APIs and raw materials
- Biotechnologies
- Warehouse and logistics
- Equipment and technologies for pharmaceutical production
- Contract production and services
- Finished pharmaceutical products
- Comprehensive laboratory equipment
- Clinical studies
- Packaging and labeling of pharmaceutical products
- IT solutions and automation of pharmaceutical manufacturing enterprises

Smart Life Exhibition: Nutritional Supplements and Healthy Food

An industry exposition from producers, suppliers and consumers of raw materials, equipment and services for nutritional supplements, healthy food and finished vitamin and mineral complexes.

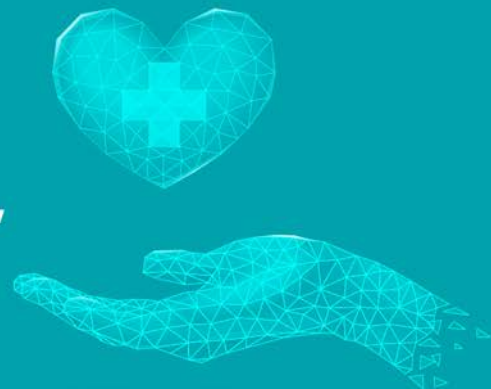

Exhibitor Profile:

- Natural extracts
- Nutritional supplements and vitamin and mineral complexes
- Medicinal cosmetics and nutricosmetics
- Packaging

IPhEB 2024 Results:

In 2024 about 200 companies from Russia, China, India, Germany, Turkey, Jordan, the United Arab Emirates and the Czech Republic took part in the exhibition.

More than 3,500 trade visitors from 26 Russian regions and 13 other countries (the Republic of Belarus, Turkey, Malaysia, UAE, Lithuania, Croatia, Israel, Kyrgyzstan, China, Spain, Azerbaijan, Armenia and Uzbekistan) attended the event.

The Forum's business program includes the following conferences:

- **Pharmaceutical Science: Challenges and Solutions in the 21st Century** - the third all-Russia scientific and practice conference with foreign participants, including several sessions on preclinical studies of pharmaceutical substances, fine chemistry and pharmaceutical product registration, control and quality
- **Dialogues on Clinical Research**
- **PHARMMIX:** Promotion and Advertising in Pharmaceutical Industry

The Exhibition will feature a **Presentation Zone**. This zone shines a spotlight on companies' products and services and is great for initial contacts with potential partners and customers.

We invite you to take part in IPhEB Russia 2025 and consider organizing a collective exposition for pharmaceutical industry products and services from your region. A collective exhibition display will let you showcase the full potential of your country's pharmaceutical companies at high level and draw special attention to your region to stimulate international integration and cooperation between our countries.
